

## **Get started with One Social Network**

### **What is One Social Network and how does it work?**

OSI is an open-ended social directory and digital biography platform that allows you to express personal interests.

#### **Navigation**

Tap the **circle button** at the bottom of the screen to see notifications, direct messages, home screen, discover page, and add new post.

#### **Follow/Unfollow.**

To make the method follow users who you want to keep up with. Simply enter their page and hold on to their profile picture to proceed with following and unfollowing.

#### **What does add text to cover photo mean?**

This text will act as text thumbnail on your home screen.

#### **What does it mean to prioritize a post?**

When a post is prioritized the image will bomb up and down when people view your content.

#### **Is my phone number and email visible to everyone?**

Phone numbers and emails are request basis. The operator of these will have to approve of the transaction.

#### **How do I add a post?**

Simply click on the black hexagon to add photos/videos, link social media accounts and links, music, and update your personal information.

#### **Do I have to add my social media accounts?**

No, this is a free space for users to express personal interests.

#### **Can I delete all the information that was added following the signup process?**

Yes, you can delete anything needed.

#### **How do I add a thumbnail to a link?**

Users must populate their own images and add the thumbnail they feel best represents their content.

#### **How do I change my profile picture?**

Go to home page and hold down on profile picture. Click on "change profile picture."

Click on settings at the top left of the screen. Under email click on change profile picture.

#### **How to delete a post?**

Go to home and hold down on the content you want to delete. Drag the content down to the trash icon at the bottom of the screen.

#### **Are profile views visible to everyone?**

No profile views are only visible to the users in charge of their account.

**How can I reorganize my page?**

Simply hold down on the icon you want to move and drag it to the area you want it to be located.

**Can I change the border colors of the content?**

Not at the moment. The colors are associated to the category the user posted.

**How to edit a post?**

Click on the post you want to edit. Click on the three dots on the top right of the screen and move forward with edit post?

**How do search for other users?**

Go to home screen and click on the question mark icon.
